**Board meeting minutes**  
**January 6, 2022**

Call to order at 9.35.

**Lori Collins' Report**

Discussion re Summer Kids' Camp. Tentative date set as July 17-19 for 10 kids (2 groups of 5 ride am, crafts etc pm, lunch provided. Lori will research a clinician and we will put together budget and get info out asap.

Suggestion to low harrow the snow in the arena to break crust so we can ride in it).

Lori wants to plan a variety of lessons, trail rides, cattle drives for the summer. Trail horses will be shod.

We would like to use the Shed by the West pasture pond for tack. When horses go into the West pasture we will fence of an area on both sides so that the middle is kept open for riders, walkers, bikers and to let the grass grow for haying.

The corner Jenny Craig pen needs a log bridge over the little creek.

We will be weight taping all metabolic horses.

Lori will advise re timing of spring vaccinations and de-worming.

We would like to buy two horses and offer them for trail rides and half lease to cover costs.

We need to do more fund-raising as our budget is tight. The Kentucky Derby Party will be the main fund-raiser with a 50/50 split of betting revenue. We would also like to do a 50/50 and a Silent Auction. (License?) We should bring suggestions for auction items to our next meeting.

We would like to offer a three-day clinic with Tracey with the possibility of just signing up for one day.

Day One ground work, arena riding.

Day 2 cowboy Challenge

Day 3 Trail ride with instruction

Possible dates June 9, 10, 11.

Thanks Lori.

The minutes of the December 22 were approved with amendments. Louis/Kym.

Kym presented the Financials. we are negative \$1800 on the year ( expenses such as barn utilities \$2600, barn renovation.) Cash flow is good and with more horses in the summer this is not problem. We will discuss budget etc with the incoming Condo Board. Motion to approve financials. Hazel/ Louis Passed.

The next meeting is February 3 (Louis via Zoom).

Meeting adjourned.
